

# NCC OQ Kiosk Directions

1. Using a web browser go to <http://www.nccutah.org>
2. Click on resources link.
3. Then click on the OQ measures Kiosk link on the resources page.

4. Enter the Medical Record Number \_\_\_\_\_, the client Date of Birth, and Login
5. Select the instrument recommended by the therapist
  - a. Parents - YOQ®30.2PR
  - b. Youth – YOQ®30.2SR
  - c. Adults – YOQ®-30.2
6. Setting of Care is Outpatient

A screenshot of the "OQ ANALYST" software interface. The title is "Instrument Selection". Below the title, it shows "Administration Date: 8/13/2013". There are several dropdown menus: "Instrument" is set to "YOQ®30.2PR", "Setting of Care" is set to "Outpatient", and "Clinic" is set to "Roosevelt". Below these, there are two radio buttons: "Outpatient" (which is selected) and "Inpatient". There is also a "Completed By:" dropdown menu set to "Mother". At the bottom, there is a "Session Number:" field with the value "1". There are "Cancel" and "Begin" buttons at the bottom of the form.

- a. Clinic where you see the therapist, Example: Roosevelt, Vernal, Etc.
7. If you are doing the parent report, select the closest completed by definition.
  8. Begin test.
  9. Answering the questions based on the **Last seven** days.

**\*\*Please complete the YOQ30PR (Parents report) once every month, to let us know how your child is doing. If you have trouble please contact our office at 725-6300, or 789-6300.**
